Pain  
Management**  
Of Central Indiana

## COVID-19 Statement

At Advanced Pain Management, we follow all State and Federal Regulations and recommendations to reduce the transmission of COVID-19 and all communicable diseases. Our staff wears masks. We wash our hands frequently. We require any patients or visitors in our office to wear a mask. We request that patients limit the number of persons with them to their driver. We have reduced the number of persons in our physical office by at least 50% by offering telehealth visits. All surfaces are sanitized in every room used after every use. We use single-use disposable medical equipment and a steam autoclave (sterilizer) for any equipment that touches patients. We use chemical and steam sterilization for cleaning the facility. Our staff gets tested for COVID-19 regularly and have quarantined any time necessary.
